STUDY ABROAD PROGRAMME

To Whom It May Concern,

14.08.2026

Study Abroad Program of the Ministry of National Education is a scholarship programme that is designed to sponsor Turkish students for post-graduate studies abroad. Students with Bachelor's degrees are selected through an elaborate and diligent examination process by the Ministry to be sponsored for post-graduate studies at globally renowned institutions.

The Ministry provides financial support that covers tuition fee, monthly allowance, mandatory examination fees, stationary expenses, round-trip airfares and health expenses (including spouse and children) under the Communiqué for Sponsored Students within the program. In addition, other expenses such as bench fee may be covered upon prior approval of the Ministry. The period of sponsorship covers the period mentioned below. Should the student exceed the period, the approval of the Ministry must be obtained.

All students within the scope of this scholarship program are required to return to home after completing their studies and perform their compulsory public duties at a university or public institution determined for them in Türkiye for twice the duration of their stay abroad.

Kind Regards,
